

Generated Assets **User Agreement**

This Generated Assets User Agreement (“Agreement”) applies to the Generated Assets product, services, and website (“Generated Assets” or “Services”) offered by Public Holdings, Inc. (“Public”, “us” or “we”) to you (“you” or “your”).

BY CLICKING “I ACCEPT,” OR OTHERWISE ACCESSING OR USING THE SERVICES, YOU AGREE THAT YOU HAVE READ AND UNDERSTOOD, AND, AS A CONDITION TO YOUR USE OF THE SERVICES, YOU AGREE TO BE BOUND BY, THE FOLLOWING TERMS AND CONDITIONS: (1) THIS AGREEMENT; (2) THE [GENERATED ASSETS ACCEPTABLE USE POLICY](#) (“ACCEPTABLE USE POLICY”); AND (3) THE [PUBLIC.COM TERMS OF SERVICE](#) (“GENERAL TERMS”) (TOGETHER, THESE “TERMS”).

These Terms govern your use and access of the Services and is a legally binding contract between you and Public regarding your use and access of the Services. In the event of a conflict between this Agreement and the General Terms, the conflicting provision in this Agreement will control. Capitalized terms not defined herein have the meaning given to them in the General Terms.

A. Generated Assets Overview

1. **Description of Services.** Generated Assets is an interactive analysis tool accessible through the website www.generatedassets.com (the “Website”). Generated Assets is powered by one or more large language models (“LLM’s”), including those provided by Anthropic PBC and Perplexity AI, Inc. Such LLM’s have been trained to understand natural language inputs from users, and to generate natural language outputs based on (a) such inputs and (b) market data licensed by Public or publicly available online. Through such large language models, you can search and screen for securities based on objective criteria that you elect regarding the securities or their underlying companies. Once you choose your list of securities (your “Portfolio”), you can use the Services to display key historical information and metrics regarding your Portfolio and to compare it against benchmark indices.

You may provide written input to the Services (“Input”), including, but not limited to, requests, criteria, questions, data, or information. Based on the Input, you may receive output generated and returned by the Services (“Output”), including, but not limited to, answers, data, graphics, metrics, or information. Input and Output are collectively “Content.”

2. **Acknowledgement by User.** By using the Services and accepting this Agreement, you acknowledge and agree to the following:
 - a. Generated Assets is an **experimental product** offered to you “**as-is**”, without warranty of any kind. Generated Assets relies upon new, experimental, and rapidly-evolving generative large language model technology. Your use of the Services may result in Output that contains material inaccuracies and may not reflect correct, true, current, or complete information. Do not rely, or encourage others to rely, on any Output without independently evaluating and verifying its accuracy and

appropriateness of use, including through human review of the Output. Do not rely on Output as financial, legal, or other professional advice and always consult with a qualified professional on such topics.

- b. Generated Assets is an **interactive analysis tool**. Once you have selected your Portfolio, any Outputs returned by the Services regarding your Portfolio ("Portfolio Analysis"), including historical metrics regarding your Portfolio or its underlying securities, represent hypothetical outcomes based on the Portfolio you have selected and do not represent actual, individual outcomes. Your actual performance may vary. Historical performance is not indicative of future performance, and your individual results may vary over time. Generated Assets and its Output, including Portfolio Analysis, should be used for educational purposes only. Any Output, including Portfolio Analysis and any default allocations or assumptions for purposes of generating the Portfolio Analysis, should not be taken as an investment recommendation.
- c. You have carefully reviewed all additional disclosures, disclaimers, and assumptions ("Additional Disclosures") on the Website, and you acknowledge and agree to all such Additional Disclosures.
- d. Nothing in these Terms or by virtue of your use of the Services shall be construed as investment, legal, or tax advice, and Public is not an investment advisor.
- e. Information provided by Generated Assets does not constitute information that addresses any specific person's investment objectives, financial situation, or the needs of any person who receives or accesses Generated Assets.
- f. Nothing in these Terms or by virtue of your use of the Services shall be considered advice or as establishing an advisory relationship as a result of your receipt of access to Generated Assets.
- g. Neither these Terms nor your use of the Services shall be considered an offer or solicitation for the purchase or sale of any security to you.
- h. Public is not responsible for any of your investment choices or for any losses resulting from your use of or reliance on the Services.

B. Eligibility

1. **Registered Account**. To use the Services, you must have a registered account with Public or register for a new Generated Assets account through the Website (collectively, an "Account"). A user of the Services with an Account shall be deemed a "User."
2. **Not a Securities Professional**. You represent and warrant to us on a continuing basis that you qualify as a "Non-professional."

A “Non-Professional” means any natural person who uses the Services solely for their own personal, non-business use and who is not a “Securities Professional.” A “Securities Professional” for these purposes includes an individual who, if working in the United States, is: (a) registered or qualified in any capacity with the Securities and Exchange Commission (the “SEC”), the Commodities Futures Trading Commission, any state securities agency, any securities exchange or association, or any commodities or futures contract market or association, or self-regulatory body; (b) engaged as an “investment advisor” as that term is defined in Section 202 (a)(11) of the Investment Advisor’s Act of 1940 (whether or not registered or qualified under that Act); or (c) employed by a bank or other organization exempt from registration under Federal and/or state securities laws to perform functions that would require that individual to be so registered or qualified if they were to perform such functions for an organization not so exempt. A person who works outside of the United States will be considered a “Securities Professional” if they perform the same function(s) as a person who would be considered a “Securities Professional” in the United States.

Any use of the Services for business, professional, or other commercial purpose is not compatible with Non-Professional status, even if the commercial use is on behalf of an organization that is not in the securities industry. You undertake to continually assess your status as to whether you are a Non-Professional or whether you are a Securities Professional, and undertake to promptly notify us if your classification as a “Non-Professional” or a “Securities Professional” changes at any time whilst you have an Account. You acknowledge that we have provided you with access to the Services in reliance on your representations and warranties to us as to your status. You agree to indemnify Public for any fees, costs, losses, liabilities or expenses that Public may incur or suffer, directly or indirectly, in connection with any such representation or warranty being incorrect or inaccurate in any respect when given or repeated.

C. Account Security

1. **Safeguarding Your Account.** In order to set up and access your Account, you will be required to create or use existing security details, including an Account username and password. You are solely responsible for monitoring and safeguarding your Account and access to your Account. You are solely responsible for keeping your Account username, password, and other Account details safe, and for the safety and security of any electronic devices through which you access your Account (which may include your phone, tablet, computer, or any similar device) (a “Device”). This includes taking all reasonable steps to avoid the loss, theft, or misuse of such Device, for instance engaging available protections provided by your Device, such as passcodes, biometric login (such as via a fingerprint or a face-scan), or similar, and keeping your Account username, password, and other Account details safe and secret at all times. Any loss or compromise of your Device, your email account, your Account username or password, or other security details, may result in unauthorized access to your Account by third parties.
2. **Notification to Public.** You agree to notify us immediately if you become aware of: (a) any loss, theft, or unauthorized use of your Account, Account username,

password or other credentials, or of your Device; or (b) any other unauthorized use or access of your Account.

You understand that such license shall be without any payment or credit to you.
6. Published Content

Public does not guarantee the accuracy, integrity, appropriateness, availability, or quality of any Published Content, and under no circumstances will Public or any of its affiliates be liable in any way for any Published Content. Public and its affiliates do not monitor, supervise, or endorse: (i) Published Content; or (ii) Users who share Published Content.
 - c. We do not pre-screen any Published Content. However, we reserve the right to remove, disallow, block, or delete your Published Content in our sole discretion without prior notice to you. We further reserve the right, at our sole discretion, to disable your ability to share Published Content without prior notice to you.
7. Inaccuracies. As described further in Section A(2)(a), Generated Assets is an experimental product offered to you “as-is”, without warranty of any kind. Your

use of the Services may result in Output that contains material inaccuracies and may not reflect correct, true, current, or complete information. Do not rely, or encourage others to rely, on any Output without independently evaluating and verifying its accuracy and appropriateness of use, including through human review of the Output.

8. Use of Output. You understand, acknowledge and agree that:
